

**Texas Education Agency
Standard Application System (SAS)**

2014–2017 Texas Title I Priority Schools, Cycle 3

Program authority:	P.L. 107-110 ESEA, as amended by the NCLB Act of 2001, Section 1003(g)	FOR TEA USE ONLY Write NOGA ID here:
Grant period:	August 1, 2014 – July 31, 2017. Pre-award costs permitted from grant preliminary award date to July 31, 2014.	
Application deadline:	5:00 p.m. Central Time, May 20, 2014	Place date stamp here: 
Submittal information:	Six complete copies of the application, at least three with original signature (blue ink preferred), must be received no later than the aforementioned time and date at this address: Document Control Center, Division of Grants Administration Texas Education Agency 1701 North Congress Ave Austin TX 78701-1494	
Contact information:	Shayna Ortiz Sheehan: shayna.sheehan@tea.state.tx.us; (512) 463-2617	

Schedule #1—General Information

Part 1: Applicant Information

Organization name Lubbock ISD	Vendor ID # 1756001989	Mailing address line 1 1628 19 th Street	
Mailing address line 2 1628 19th	City Lubbock	State TX	ZIP Code 79401-4895
County- District # 152901	Campus number and name 156 - Bean Elementary	ESC Region # 17	US Congressional District # TX-019
		DUNS # 020333878	

Primary Contact

First name Denise	M.I.	Last name Mattson	Title Executive Director of School Support
Telephone # 806-219-0450	Email address denisemattson@lubbockisd.org	FAX # 806-766-6680	

Secondary Contact

First name Tom	M.I.	Last name Thomas	Title Principal
Telephone # 806-219-2162	Email address tthomas1885@lubbockisd.org	FAX # 806-766-1671	

Part 2: Certification and Incorporation

I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I further certify that any ensuing program and activity will be conducted in accordance with all applicable federal and state laws and regulations, application guidelines and instructions, the general provisions and assurances, debarment and suspension certification, lobbying certification requirements, special provisions and assurances, and the schedules attached as applicable. **It is understood by the applicant that this application constitutes an offer and, if accepted by the Agency or renegotiated to acceptance, will form a binding agreement.**

Authorized Official:

First name Berhl	M.I.	Last name Robertson	Title Superintendent
Telephone # 806-219-0070	Email address brobertson@lubbockisd.org	FAX # 806-766-1210	
Signature (blue ink preferred)			Date signed

Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 1: Required Attachments

The following table lists the fiscal-related and program-related documents that are required to be submitted with the application (attached to the back of each copy, as an appendix).

#	Applicant Type	Name of Required Fiscal-Related Attachment
No fiscal-related attachments are required for this grant.		
No program-related attachments are required for this grant.		

Part 2: Acceptance and Compliance

By marking an X in each of the boxes below, the authorized official who signs Schedule #1—General Information certifies his or her acceptance of and compliance with all of the following guidelines, provisions, and assurances.

Note that provisions and assurances specific to this program are listed separately in Part 3 of this schedule, and require a separate certification.

X	Acceptance and Compliance
<input checked="" type="checkbox"/>	I certify my acceptance of and compliance with the <u>General and Fiscal Guidelines</u> .
<input checked="" type="checkbox"/>	I certify my acceptance of and compliance with the <u>program guidelines for this grant</u> .
<input checked="" type="checkbox"/>	I certify my acceptance of and compliance with all <u>General Provisions and Assurances</u> requirements.
<input checked="" type="checkbox"/>	I certify that I am not debarred or suspended. I also certify my acceptance of and compliance with all <u>Debarment and Suspension Certification</u> requirements.
<input checked="" type="checkbox"/>	I certify that this organization does not spend federal appropriated funds for lobbying activities and certify my acceptance of and compliance with all <u>Lobbying Certification</u> requirements.
<input checked="" type="checkbox"/>	I certify my acceptance of and compliance with <u>No Child Left Behind Act of 2001 Provisions and Assurances</u> requirements.

Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances☒ I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurances that if it receives TTIPS funds to serve one or more campus that it will ensure that each campus receives all of the state and local funds it would have received in the absence of the TTIPS grant funds. As a result, an LEA must provide a TTIPS grantee campus all of the non-Federal funds the campus would have received were it not a TTIPS grantee campus, and TTIPS funds must supplement the <i>amount</i> of those non-Federal funds. Note, however, that the campus does not need to demonstrate that TTIPS funds are used only for activities that supplement those activities the campus would otherwise provide with non-Federal funds.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	<p>The LEA provides assurance that it will meet the following federal requirements:</p> <ul style="list-style-type: none"> A. Use its School Improvement Grant to implement fully and effectively an intervention in each Priority or Tier I and Tier II school that the LEA commits to serve consistent with the final requirements. B. Establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each Priority or Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable its Tier III schools that receive school improvement funds. C. If it implements a restart model in a Priority, Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements. D. Monitor and evaluate the actions a school has taken, as outlined in the approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality. E. Monitor and evaluate the actions schools have taken, as outlined in the approved SIG application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools on how they can sustain progress in the absence of SIG funding. F. Report to the SEA the school-level data required under section III of the final requirements.
4.	The LEA provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.
5.	<p>If the LEA/campus selects to implement the turnaround model, the campus must implement the following federal requirements.</p> <ul style="list-style-type: none"> A. Replace the principal and grant the new principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates; B. Use locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students; <ul style="list-style-type: none"> 1. Screen all existing staff and rehire no more than 50 percent; and 2. Select new staff. C. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school; D. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances

#	Provision/Assurance
5.	<p>E. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a new "turnaround office" in the LEA or SEA, hire a "turnaround leader" who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability;</p> <p>F. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;</p> <p>G. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;</p> <p>H. Establish schedules and implement strategies that provide increased learning time (as defined in this notice); and</p> <p>I. Provide appropriate social-emotional and community-oriented services and supports for students.</p>
6.	<p>If the LEA/campus selects to implement the school <u>closure model</u>, the campus must implement the following requirement.</p> <p>A. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.</p> <p>B. A grant for school closure is a one-year grant without the possibility of continued funding.</p>
7.	<p>If the LEA/campus selects to implement the <u>restart model</u>, the campus must implement the following federal requirements.</p> <p>A. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.</p> <p>B. Enroll, within the grades it serves, any former student who wishes to attend the school.</p>
8.	<p>If the LEA/campus selects to implement the <u>transformation model</u>, the campus must implement the following federal requirements.</p> <p>1. Develop and increase teacher and school leader effectiveness.</p> <p>(A) Replace the principal who led the school prior to commencement of the transformation model;</p> <p>(B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that—</p> <p>1. Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and</p> <p>2. Are designed and developed with teacher and principal involvement;</p> <p>(C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;</p> <p>(D) Provide staff ongoing, high-quality, job-embedded professional development (<u>e.g.</u>, regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and</p> <p>(E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.</p>

Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances

#	Provision/Assurance
8.	<p>2. Comprehensive instructional reform strategies.</p> <p>(A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and</p> <p>(B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.</p> <p>3. Increasing learning time and creating community-oriented schools.</p> <p>(A) Establish schedules and strategies that provide increased learning time; and</p> <p>(B) Provide ongoing mechanisms for family and community engagement.</p> <p>4. Providing operational flexibility and sustained support.</p> <p>(A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and</p> <p>(B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).</p>
9.	An LEA with nine (9) or more priority schools, may not implement the Transformation Model in more than 50 percent of those schools.
10.	The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant. The applicant also provides assurance that TEA will be notified immediately of any changes to this contact.
11.	The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, and other periodic meetings of grantees, the Advancing Improvements in Education Conference, and sharing of best practices.
12.	The applicant provides assurances that it will participate in and make use of technical assistance and coaching support provided by TEA and/or its subcontractors.
13.	The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
14.	The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
15.	The applicant will provide access for onsite visits to the LEA and campus by TEA and its contractors.
16.	The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
17.	The applicant, if selecting the Turnaround Model or Transformation Model agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.

Schedule #5—Program Executive Summary

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

George R. Bean Elementary is applying for the 2014-2017 TTIPS grant, and will use the Transformational Model, in order to facilitate a dramatic amount of academic progress in the shortest amount of time. In the recent past, Bean has experienced rapid student growth and high teacher turnover. Coupled with a community of high poverty, high mobility, and a high percentage of Limited English Proficient students, these factors have led to a steady decrease in student performance over time. This grant will provide needed materials and other resources that will help build teacher capacity and ensure a strong, sustainable academic program. The hope is that earlier intervention, in the elementary years, will set students on the path towards future successes in middle school, high school, and college. **Furthermore, the goals and expected outcomes of this grant align perfectly with the existing Campus Improvement and Texas Accountability Intervention System (TAIS) plans.**

Bean Elementary is a Title I campus, located close to downtown Lubbock, Texas. The school serves approximately 630 Pre-Kindergarten through 5th grade students, with 96% on free or reduced lunches. In addition, Bean is located in a largely Hispanic neighborhood, where Spanish is a dominant language. As stated before, rapid student growth and high teacher turnover has contributed to poor academic performance on state and district assessments. Bean is currently designated as a "Required Improvement" campus under state accountability and a "Priority" campus under federal guidelines. Bean hired a new principal for the 2012-2013 school year and he has been evaluated for effectiveness by the Lubbock ISD and will continue in the role for the 2014-2015 school year. **The campus plans to develop and increase teacher and school leader effectiveness.** If awarded a 2014-2017 TTIPS grant, Bean Elementary would be able to transform its academic program and improve both state and federal accountability ratings in a shortened amount of time.

When beginning the grant application process, the campus formed a **TTIPS Team that would work with all stakeholders to gather the necessary data to make informed decisions.** It was decided that the team would use the TAIS Needs Assessment process to identify the areas in which the grant would have the maximum impact. Rooted in best practices, the TAIS Needs Assessment process is a state-accepted protocol for determining the present and future needs of a campus. This process also allows for operational flexibility and can be adjusted, as needed, to meet unforeseen future needs. Bean also uses the Data Wise protocol for implementing, monitoring and adjusting the plan of action determined from the needs assessment process.

After completing the TAIS Needs Assessment process, the TTIPS Team determined that **Bean's top 5 needs are to:** 1) improve the math program, 2) improve the ELAR/SLAR/Writing program, 3) increase teacher effectiveness, 4) improve community and parent engagement, and 5) improve the climate on the campus. In addressing the specific areas of need, the TTIPS Team sought input from staff, parents and community stake-holders to develop a program that would address each of the Critical Success Factors (CSFs). This allowed the team to develop a comprehensive plan that demonstrates **operational flexibility** and meets all **statutory requirements** and will specifically target each of the 5 areas of need.

The plan includes, but is not limited to, the following components:

CSF 1: Improve Academic Performance

- Implementation of school-wide, research-based literacy and math programs
- Purchase additional materials and other resources, including technology
- Hire additional interventionists, teachers, and support staff

CSF 2: Increase the Use of Quality Data

- Use Instructional Rounds and the Data Wise School improvement Process to gather data
- Increase opportunities for staff to examine student data by conducting regular PLCs and a summer Data Summit
- Use student data vertically and horizontally to drive instruction

Schedule #5—Program Executive Summary (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

CSF 3: Increase Leadership Effectiveness

- Utilize Principal Retention Framework
- Train school leaders and implement the TAP Rubric in all core contents
- Principal and Secretary will attend Breakthrough Coach training to maximize office efficiency

CSF 4: Increase Learning Time

- Provide extended day program for all students
- Offer Summer Academic Camps
- Extend library and computer lab time beyond the normal school day

CSF 5: Increase Parent/Community Engagement

- Partner with local agencies, such as the Lubbock United Neighborhood Association to create a community-oriented school through various community engagement projects
- Establish a Communities in Schools (CIS) program on the campus
- Offer GED and ESL classes to parents and community members
- Work with local health care agencies to provide medical and dental services to families and community

CSF 6: Improve School Climate

- Implement a school-wide social skills and bullying prevention program
- Hire additional PBIS/Behavior Support staff to reduce office referrals
- Administer surveys, including OHI and parent/community surveys

CSF 7: Ensure Effective Teachers

- Provide high quality, job-embedded teacher professional development and monitor instruction using TAP Rubric and/or the state's new appraisal system
- Utilize Teacher Retention Framework
- Provide teacher incentives, based upon student growth measures

Once each of these components was decided upon, the TTIPS team researched the various costs of implementation and completed a budget outline. **This budget outline was reviewed to assess if the proposed actions would fit within the scope and intent of the grant.** It was determined that the plan could be successfully implemented with the funds provided by 2014-2017 TTIPS grant. The TTIPS team would also review future budget concerns, as needed. After the TTIPS team had developed a plan and determined its feasibility, they began to discuss how the plan would be implemented and evaluated over the course of the grant. It was determined that the school would hire a **Grant Coordinator to oversee the implementation and evaluation of the grant components.** The primary responsibility of this person would be to work towards the success of the plan and to ensure that each of the CSFs are being addressed.

In addition, the Grant Coordinator would conduct regular meetings with staff, parents, and community stake-holders to review the implementation of the grant and make necessary changes as needed. The goal is to involve parents and community in the day to day operations of the grant. The belief is that this will facilitate a working relationship between the school and community that will extend beyond the life of the grant. The Lubbock ISD provides district guidance in the management of the grant from the Associate Superintendent of Priority Schools and the Executive Director for School Support Services and a School Improvement Coordinator. Each will be integrally involved in the management of the grant.

In conclusion, the TTIPS team discussed at length, the sustainability of the grant components. It is their belief that through building relationships with parents and community stakeholders and by increasing teacher capacity for effective instruction, the **increases in academic achievement** will be maintained. If needed, additional funding sources, such as Title I and/or other grant opportunities, will be pursued to ensure that student progress at Bean Elementary continues.

Schedule #13—Needs Assessment

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized, data sources that were reviewed and participants (including stakeholders) in the needs assessment process. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

In determining the needs of our campus, we followed the Texas Accountability Intervention System (TAIS) process. The following is a brief description of the five steps that the campus used to go through this process.

Step One: Establish Purpose of Needs Assessment and Establish the Team

The campus began by deciding upon the stakeholders and created a TTIPS team that would go through the process of completing the needs assessment. It was decided that the most relevant stakeholders, and sources of input, would be: teachers, staff, parents, students, and community members. The TTIPS team was created with members from each of these groups.

Next, the TTIPS team reviewed the history of the campus and the existing mission and vision and determined that they both reflected the goals and values of the campus. This was done so that the TTIPS team would have a clear understanding of the direction in which the campus needed to go to achieve the desired outcome.

Step Two: Gather Data

Once the TTIPS team had determined the desired outcome of the needs assessment process, it began to collect data that would help make informed decisions. The data sources examined included:

- AEIS reports
- Campus PBIS/Discipline reports
- Students' grades
- Attendance reports
- State assessment data, including STAAR and TELPAS
- SAT 10/Aprendizaje data for 2nd grade
- iStation reports
- PIEMS data
- Parent and student surveys
- Parent focus group data
- Teacher surveys
- District 6 Weeks Assessment data
- Instructional Rounds data
- Data Wise data

Step Three: Data Analysis

Once all of the available data was collected, an overview was created using the most relevant sources to pinpoint trends over time. This enabled the TTIPS team to see in which areas student performance was increasing or decreasing and created a picture of the past; an indicator of the present; and a predictor of the future. Furthermore, the data overview revealed both campus strengths and areas where improvement is required. This helped narrow the focus of our needs assessment process and gave the team talking points upon which to begin discussion.

Schedule #13—Needs Assessment (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 1: Process Description (cont). A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized, data sources that were reviewed and participants (including stakeholders) in the needs assessment process. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Next, the TTIPS team used the Critical Success Factors (CSFs) to begin to analyze the relevant data. Each CSF, and the associated questions from the TAIS Needs Assessment Guide, was discussed at length. The CSFs included:

- Improve Academic Performance
- Increase the Use of Quality Data to Drive Instruction
- Increase Leadership Effectiveness
- Increase Learning Time
- Increase Family and Community Engagement
- Improve School Climate
- Improve Teacher Quality

In addition to the seven CSFs, the TTIPS team also examined the campus support systems that contributed to low performance. These support systems included: Organizational Structure, Processes and Procedures, Communications, and Capacity and Resources.

Step Four: Conduct a Root Cause Analysis

Once the TTIPS team had identified what are the areas of low performance and other areas of concern, the team began to conduct a root cause analysis to determine why the problems have occurred. The team used the 5 Whys Protocol to help ask the appropriate questions that would reveal the causal factors of the identified problems.

Step Five: Prioritize Needs

The goal of this step is to prioritize the needs so that available resources can be utilized wisely in order to have the most impact on the areas of low performance. To begin, the TTIPS team reviewed the initial purposes that were identified in Step One. This was done to ensure that the team was still focused on the areas of low performance. Then, the identified problems were discussed and ranked, in order to establish connections to the areas of need.

Conclusions

Undergoing the TAIS Needs Assessment process enabled the TTIPS team to accomplish the following:

- Identify the strengths in student performance: **Science**
- Identify the weakness in student performance: **Math, Reading, and Writing**
- Identify areas of low performance: **Math and Writing**
- Determine the root causes of low performance: **Instruction/Teacher Quality, Poor Parent Engagement, School Climate**
- Prioritize needs in order to get the most impact from available resources

Amendment # (for amendments only):

Part 2: Alignment with Grant Goals and Objectives. List your top five needs, in rank order of assigned priority. Describe how those needs would be effectively addressed by implementation of this grant program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Identified Need	How Implemented Grant Program Would Address
1.	Improve Math Program	<ul style="list-style-type: none"> • Purchase needed math materials • Provide training for teachers • Purchase technology that will allow all students to access instructional and intervention programs • Hire a full-time technologist that would be able to facilitate integration of technology and allow for an extra "special" time for students and thus providing teachers with increased PLC time. • Hire math interventionist(s)
2.	Improve English/Spanish Language Arts and Reading Program, including Writing	<ul style="list-style-type: none"> • Purchase needed ELAR/SLAR materials • Provide training for teachers • Purchase technology that will allow all students to access instructional and intervention programs • Hire a full-time science teacher that would allow for an extra "special" time for students and thus providing teachers with increased PLC time. • Hire reading interventionist(s)
3.	Increase Teacher effectiveness	<ul style="list-style-type: none"> • Provide additional opportunities for teachers to attend professional development • Implement TAP Rubric in all classrooms to assess math, ELAR/SLAR, and science • Hire a full-time technologist that would be able to facilitate integration of technology and allow for an extra "special" time for students and thus providing teachers with increased PLC time. • Hire a full-time science teacher that would allow for an extra "special" time for students and thus providing teachers with increased PLC time.
4.	Improve Community and Parent Engagement	<ul style="list-style-type: none"> • Addition of Communities in Schools (CIS) Program • Monthly meetings to provide parents with needed information and support • Work with local hospital to provide onsite health care to students and parents • Provide ESL and GED classes to families and community members • Provide Spanish instruction to teachers
5.	Improve Climate on campus, as it relates to Student Engagement, Behavior, and Enrichment	<ul style="list-style-type: none"> • Create an after-school program that would focus on academics and enrichment • Hire additional Positive Behavior Interventions and Support (PBIS) staff • Implement school-wide social skills training and bullying prevention program • Adopt the AVID program

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 2: External Providers. Describe the process used to recruit, select and provide oversight to external providers to ensure their quality. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Based on the needs of the students, the Lubbock ISD will investigate, evaluate and utilize providers that provide proven programs and which are research-based and research-verified. Recruiting and selecting high-quality external service providers is accomplished through an established review of provider and their services. The campus leadership team will make recommendations for consideration that are based on the needs assessment of the campus.

The Lubbock ISD currently conducts a thorough review of all contracts through several departments to ensure the provider meets the high standard set for each of the providers of service.

Part 3: Feedback and Continuous Improvement. Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

During the month of June, 2013, Bean Elementary created a data team to attend the Data Wise course on the campus of Harvard University. This was a powerful week whereby the team learned about an improvement process that was designed to do more than just integrate data into the culture of the school. Under this initiative, Bean Elementary was expected to establish school data teams of teachers and administrators who make use of performance data and other information to target educational questions to pursue, identify major gaps in student understanding, identify target areas called *learner-centered problems* (LCP), reframe *learner-centered problems* as *problems of practice* (POP), target solutions to *problems of practice*, and write action plans pinpointing how broadly solutions will be implemented, how they can be implemented and adapted across grade levels and content areas, and on what timelines they will be carried out. Teams are expected to become experts in the use of the data tools such as the data dashboard established in the Lubbock ISD and in the Data Wise process. The goal is for teams to share their knowledge with the broader school community throughout the year to stimulate instructional change and improvement in the conditions of teaching and learning.

Throughout the 2012-13 and 2013-14 school years, Bean Elementary had the support of Harvard fellows through on-site visits and live webinars from Harvard. The supports were helpful as the campus determined one problem of practice and followed one Data Wise cycle and concentrated on learning the eight step process. An integral component of the Data Wise model is that teachers will come to shared conclusions about what constitutes good instructional practice in a given area and hold each other accountable for its implementation. The research indicated that even if teachers were comfortable with and logistically able to spend time watching each other teach, they were seldom comfortable giving feedback that was not positive. The Bean Data Wise process is designed to turn this school into a learning organization capable of continuous introspection and improvement. The practice of developing a data team and time for teachers to collaborate and observe their peers have been established in the first two years and will be nurtured in order for the process to be integrated into the culture of our school. This process will be used to support implementation of the new curriculum pieces.

Bean Elementary will continue to adapt Data Wise protocols to address cultural concerns because there are no quick ways to engender relational trust or raise teachers' comfort levels with giving critical feedback to their peers. Cultural change requires tough conversations held in a safe environment with skillful facilitation. The Data Wise model provides many protocols designed to achieve these very ends in the context of data work; these protocols will be readily adapted to the work of cultural change. Bean has also been implementing instructional rounds during the past two years in which the campus uses a defined protocol for the examining work step of the process. With the TTIPS grant, additional integration of instructional coaches and teacher leaders into the Data Wise work, tasking them with closing the feedback loop and holding teachers accountable for implementation of new strategies will be enhanced. As a collaborative culture grows within the school and faculty takes ownership of instructional improvement strategies, teachers will also come to hold each other accountable for effective classroom practice.

What is the Data Wise Process?

The "Data Wise" Improvement Process graphic shown at left illustrates the cyclical nature of this work. Initially, schools *prepare* for the work by establishing a foundation for learning from student assessment results. Schools then *inquire*—look for patterns in the data that indicate shortcomings in teaching and learning—and subsequently *act* on what they learn by designing and implementing instructional improvements.

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Describe how the LEA will provide continued funding and support to sustain the reform after the grant period ends. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Before the 2013-14 school year, the Lubbock ISD Board of Directors hired a new superintendent, Dr. Berhl Robertson. With this hire, a restructuring of Superintendent cabinet positions occurred. The new structure included a new Associate Superintendent for Priority Schools position. This particular position was created solely for the support of the campuses which had been identified for state interventions through an Improvement Required designation. Lubbock ISD coined the term "priority schools" before the State used the term for federal accountability. However, all the federally identified Priority campuses are a subset of the Lubbock ISD identified campuses under this Associate Superintendent. During the current year, the Associate Superintendent of Priority Schools has served as the DSCI. The table below shows the Lubbock ISD Priority Campuses and the current intervention and whether the campus is submitting a grant application for TTIPS funding.

Campus Name	2013-14 State Rating	2013-14 Federal Rating	TTIPS Grant Intent
Alderson Elementary	Consolidated with campus with IR designation	Consolidated with campus with Priority designation	
Bayless Elementary	Improvement Required	Priority	YES - submitting
Bean Elementary	Improvement Required	Priority	YES - submitting
Brown Elementary	Improvement Required	Focus	
Ervin Elementary	Consolidated with campus with IR designation	Consolidated with campus with Priority designation	
Guadalupe Elementary	Improvement Required	Priority	YES – not submitting
Hodges Elementary	Improvement Required	Priority	YES – submitting
Jackson Elementary	Improvement Required	Focus	
Stewart Elementary	Improvement Required		
Wolffarth Elementary	Improvement Required	Priority	YES – submitting
Dunbar College Prep Acad	Improvement Required	Priority	YES – not submitting
OL Slaton Middle School	Improvement Required	Priority	YES - submitting

In addition to the new position to support these identified campuses a current position within the Federal Programs department was redesigned to also provide additional support to these campuses since all are Title I campuses. The current Executive Director of School Support is also a part of the Associate Superintendent for Priority School's team for school improvement. Lubbock ISD also embraces the campus Professional Service Provider (PSP) in all aspects of improvement work within these schools. This structure of support for our schools was created in 2013-14 before the announcement of the TTIPS grant and will continue after the grant period should any schools remain that are identified for priority for services. The grant eligible campuses will continue to receive current level of funding in local and federal funds.

The Lubbock ISD has adopted the philosophy that additional, intensive support is critical for the campus leadership at Bean to lead their turnaround efforts.

The Associate Superintendent for Priority Schools position is not grant funded and will continue to support the campus leadership at Bean Elementary and does ensure the operational flexibility needed to continue the practices implemented and learned during the grant period. While the campus does plan to add additional positions in the area of professional development, it is the plan of those professional to help develop a highly effective teaching staff in order to maintain the work of continuous improvement.

The campus principal was instrumental in the development of an improvement plan for the 2014-15 school year which includes activities which are correlated to the Critical Success Factors during the actual development of this grant application. The invested personal time of the principal to be very involved in the actual writing of portions of the grant will prove to be invaluable to the commitment for completion of the grant activities and planned sustainability of the grant.

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 4: Sustainability and Commitment (cont). Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Describe how the LEA will provide continued funding and support to sustain the reform after the grant period ends. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Additional existing efforts exist that are related to the current project include principal collaborative groups. Three of the five schools applying for the TTIPS grant in Lubbock ISD are currently involved in a new collaborative of Lubbock ISD priority principals in implementing The Continuum of Literacy designed by *Fountas & Pinnell Literacy™* which is a comprehensive, systematic approach to high-quality literacy instruction. With the grant funds Bean Elementary will be able to implement all components at an accelerated rate and with intensive support for implementation. The intensive professional development planned for teachers with the grant funds and the support of academic instructional coaches will build the capacity of all teachers to provide this high-quality instruction after the grant has expired. The same can be said of the collaborative in regards to mathematics reform. With the intensive support provided through professional development and additional technology the grant will support an accelerated the implementation of the Math Solutions program founded by Marilyn Burns. The professional development and the support in the development of true professional learning communities the teaching staff will have the skills to provide excellent instruction. Any new consumables and training for new staff will be sustained through campus budgets after the grant period.

Schedule #15—Project Evaluation

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 1: Evaluation Design. List the methods and processes you will use on an ongoing basis to examine the effectiveness of project strategies, including the indicators of program accomplishment that are associated with each. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Evaluation Method/Process	Associated Indicator of Accomplishment	
1.	Comparison of previous year achievement to current year achievement scores on the state administered assessment	1.	Increase of mathematic scores in all student groups measured in Index 1 and decrease of gaps measured in Index 3 on the state accountability system
		2.	Increase of mathematic scores in all student groups measured in Index 1 and decrease of gaps measured in Index 3 on the state accountability system
		3.	Increase in Index 2 of the state accountability system of the student growth gains
2.	Beginning, Middle and End of Year comparison of readiness indicators in primary grades	1.	Reduced number of students identified as needing intervention in grades K-3
		2.	Increased the number of students reading at or above grade level by the end of second grade
		3.	Increase the number of Pre-Kindergarten achieving a developed stage on the readiness assessment
3.	Condition of climate though perception data	1.	Organization Health Inventory given annually indicate an increase in percentages in each of the ten dimension of the survey.
		2.	
		3.	
4.	The value added results on school and teacher effectiveness	1.	Effectiveness gains will be greater than 1 in each subject area measured
		2.	The number of teachers receiving ABOVE EXPECTED Growth will increase
		3.	
5.	Comparison of behavior data	1.	Decrease the number of discipline referrals
		2.	Decrease then number of students receiving multiple referrals
		3.

Schedule #15—Project Evaluation (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Describe how the district will modify its practices or policies, if necessary, to enable schools to implement interventions fully and effectively. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Bean Elementary will use two electronic systems to collect individual student data. The first system is a Lubbock ISD developed, internal dashboard named Dash1. Dash1 is comprised of many warehouses of data such as, electronic gradebook, student management system (attendance included), and the data warehouse of formative and summative assessment measures. Also, the Lubbock ISD was the pilot site for the Texas Student Data System and all schools has received extensive professional development in the use of targeted student data through this system. The TSDS provides better summaries of results from various student groups, grade-levels and subject areas. Dash1 provides a way to track individual student data in a user-friendly manner. Also, since it is an internal dashboard, many enhancements have been able to be added when needed such as monitor groups and interventions used with the students. There is planned integration to place additional components from the data collected in assessment piece of The Continuum of Learning literacy framework.

If more than one of the campuses in Lubbock ISD receives the TTIPS award, there will be one Project Manager and then Site Coordinators will be at each of the campuses. The Project Manager and the Site Coordinators will support the collection of data on a schedule. As areas of concern are identified, the Project Manager, Site Coordinators, Campus Leadership Team will work to solve them. Other personnel such as the Associate Superintendent for Priority Schools would be consulted if the problem could not be solved without additional support.

Date to Collect	Frequency
Attendance	Daily
Student Grades	Daily, Weekly, Six Weeks, Semester, Annually
Common Formative Assessments	Varies by unit
District-Designed Week Assessment	Six and/or Nine Weeks
TAP Rubric for Teacher Effectiveness	Semester
Primary Readiness Assessments	Beginning, Middle, and End of Year
STAAR Assessments	Annually
Extended Learning Time	Monthly
Organization Health Inventory	Beginning and End of Year
Parent Involvement Attendance	Monthly
Framework for Principal Retention	Annually
Teacher Retention Guide	Annually
Classroom Observation by Peers with Protocol	Twice a semester
Value-added results of School and Teacher	Annually
Student Observation Records for reading levels	Ongoing

The Project Director will report directly to the Associate Superintendent for Priority Schools who serves on the Superintendent's cabinet which meets each Monday. Any policy and practice will be placed on the Cabinet agenda to discuss changes necessary to achieve implementation of grant activity.

Part 2: Intervention Model Requirements and Timeline (TRANSFORMATION MODEL)– Indicate the activities selected for implementation to fulfill each federal requirement of the selected intervention. The anticipated timeline for implementation of each activity should also be included.

CSF	Turnaround Principle	Federal Transformation Requirement	Strategy / Intervention	Begin Date MM / YY	End Date MM / YY
Increase Teacher Quality	Ensure Effective Teachers	1. Use rigorous, transparent, and equitable evaluation systems for teachers that Take into account data on <i>student growth</i> as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduations rates; and are designed and developed with teacher and principal involvement Definition: <i>Student growth</i> means the change in achievement for an individual student between two or more points in time. For grades in which the State administers summative assessments in reading/ language arts and mathematics, student growth data must be based on a student's score on the State's assessment under section 1111(b)(3) of the ESEA. A State may also include other measures that are rigorous and comparable across classrooms.	A. Increase teacher quality by implementing the TAP rubric in addition to the State's required appraisal system	09/14	05/17
			B. Provide content area (reading and math) instructional coaches to support planning, model effective, research based instructional practices, and provide feedback	08/14	05/17
			C. Reward teacher effectiveness, as determined by EVAAS, through an incentive program	08/14	05/17
			D. Hire a Bilingual Instructional Coach to support planning, model effective research based instructional practices, and provide feedback	08/14	08/14
			E. Utilize Teacher Retention Framework to evaluate performance in addition to state required teacher appraisal system	08/14	05/17

Part 2: Intervention Model Requirements and Timeline (TRANSFORMATION MODEL)– Indicate the activities selected for implementation to fulfill each federal requirement of the selected intervention. The anticipated timeline for implementation of each activity should also be included.

CSF	Turnaround Principle	Federal Transformation Requirement	Strategy / Intervention	Begin Date MM / YY	End Date MM / YY
Increase Teacher Quality	Ensure Effective Teachers	2. Identify and reward teachers and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so.	A. Reward teacher effectiveness through an incentive program based on increased student achievement and/or met established criteria using the TAP rubric and state required appraisal system	08/14	05/17
			B. Utilize the professional growth plan to assist teachers in improving their professional practice	08/14	05/17
			C. Follow the district nonrenewal process for teachers	08/14	05/17
			D.		
		3. Provide staff ongoing, high quality, job-embedded professional development (e.g., regarding subject specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.	A. Provide ongoing professional development in all content areas, including the Literacy Continuum	08/14	05/17
			B. Teachers will engage in math professional development, including numeracy training	08/14	05/17
			C. Regular, ongoing professional learning community time will be provided for teachers by core content area and/or grade level	08/14	05/17
			D. Provide opportunities for teachers to attend state and national conferences regarding subject specific pedagogy	08/14	05/17
			E. Provide staff development on poverty simulation and diverse populations.	08/14	05/15
			F. Provide professional development on technology integration, including attending the TCEA conference	08/14	05/17

Schedule #16—Responses to Statutory Requirements (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 3: District Capacity: Describe the actions the district has taken, or will take, to determine its capacity to provide adequate resources and related support to the applicant priority school in order to implement, fully and effectively, the required activities of the school intervention model it has selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The Lubbock ISD and the campus have a number of means for formative assessments that will be critical to the successful implementation of the transformation model. The LEA implements student mini-formative assessments every six weeks which are reported in Eduphoria and the Lubbock ISD Dashboard. Although these are very useful tools to evaluate where student are those interval stages, the campus goal is to have teachers and those involved in project implementation utilize formative assessments in an ongoing basis. With the new technology that is being employed on the campus, formative evaluation of student learning will become much easier to obtain and analyze. Formative evaluations can be integrated multiple times throughout an individual lesson providing the teacher with immediate feedback on the student's level of understanding and whether or not information needs further clarification or review. Similarly, the Project Manager will utilize formative data to provide ongoing evaluation of the grant activities and performance, including but not limited to, the following: walkthroughs by the principal, assistant principal and district curriculum support personnel, department meeting sign in sheets, evaluations of professional development activities, mentoring feedback.

The Project Manager will meet regularly with the Campus Leadership Team and others involved in the transformation to review all formative and summative assessment data. The Associate Superintendent for Priority Schools (DSCI) and Project Manager will work together regularly to prepare and evaluate the 90 day plans. The frequency of these formative assessments will allow the campus regular means by which to review data and outcomes. The revision of those plans will allow for the flexibility to make change happen. In addition, the ability to revise the Needs Assessment and Professional Development Plans will allow for meeting the needs of teachers and students as further identified during formative assessments, walkthroughs, planning times, school improvement meetings, and initial activities implemented.

LISD Assistant Superintendent for C&I and LISD Executive Director of School Support Services will collect, analyze, and report on the TEA required performance-based measures as well as additional performance measures at baseline and follow up to more comprehensively determine the effectiveness of the program. Bean has carefully identified specific objective performance measures and outcomes to help monitor and evaluate the project and to meet program goals. Benchmarks will be set for each for many of those performance measures to ensure that more immediate results can be measured and successes celebrated along the way. The evaluation for examining the effectiveness of the program's strategies will involve the Project Manager and Associate Superintendent for Priority Schools. The evaluation will also include District administrators, project staff, students, parents, and community members associated with the program. Methods of evaluation will include both qualitative and quantitative data collection. The evaluators will extract data from PEIMS and other systems for evaluation. Qualitative data will include student and parent surveys and observations of interactions between teachers and students' formative evaluation will be central in determining the success of the TTIPS program. Throughout the program the Project Manager, District Shepherd and campus staff will meet regularly to discuss the strengths and weaknesses of the program. They will observe and monitor the implementation of the program and provide assistance and support to the teachers along the way. Formative evaluation will be frequent and ongoing in the following ways: sign in sheets and evaluation for professional development activities, frequent observations of classroom instruction, documented coaching and mentoring sessions, sign in sheets and agendas for departmental meetings and collaborative teacher planning time, formative mini assessments given to students minimally every six weeks, and feedback from parents, students and community stakeholders. The Principal/Project Manager in collaboration with the C&I Superintendent and the Associate Superintendent for Priority Schools/Executive Principal will provide this information to key district personnel on a quarterly basis for review and TEA via 90 day reports and the final evaluation report. Thorough documentation, monitoring, and reporting will allow program staff to anticipate and/or explain any changes in the planned intervention or evaluation. In addition, the Project Manager will engage in formal discussion of critical activities achieved and barriers to success with the project staff. In turn, this information will be used to review and revise program deficiencies as they are encountered, provide for continuous improvement.

The Lubbock ISD has developed a culture of extra support to campuses most in need through the reorganized organizational chart. This support will continue during grant implementation and after.

Schedule #16—Responses to Statutory Requirements (cont.)

County-district number or vendor ID: 152901

Amendment # (for amendments only):

Part 4: Pre-implementation Timeline (OPTIONAL): Provide a description and timeline of activities that the campus will conduct, or has conducted, during the Spring and /or Summer of 2014 in order to prepare for full implementation of the selected intervention model during the 2014-2015 school year. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

- Campus Leadership Team will complete the development of the Federal Improvement Plan that addresses the required critical success factors.
- Create master schedules that allow for embedded intervention time and have flexibility to change
- Study student data to make best classroom placements and intervention/acceleration plans based on end of year assessments
- Tentatively schedule the back-to-school professional development to encompass plans in the grant
- Create a professional development calendar from current plan but have options to adjust if grant is awarded
